# SAFETY FIRST

Be wise.

This device is intended for persons of legal smoking age. Non-smokers, children, women who are pregnant or breast-feeding should not use this product. It also contains some tiny parts, so keep it away from pets & children. This is a recreational device not intended to cure, treat, or prevent any diseases. If your device breaks—don't use it.

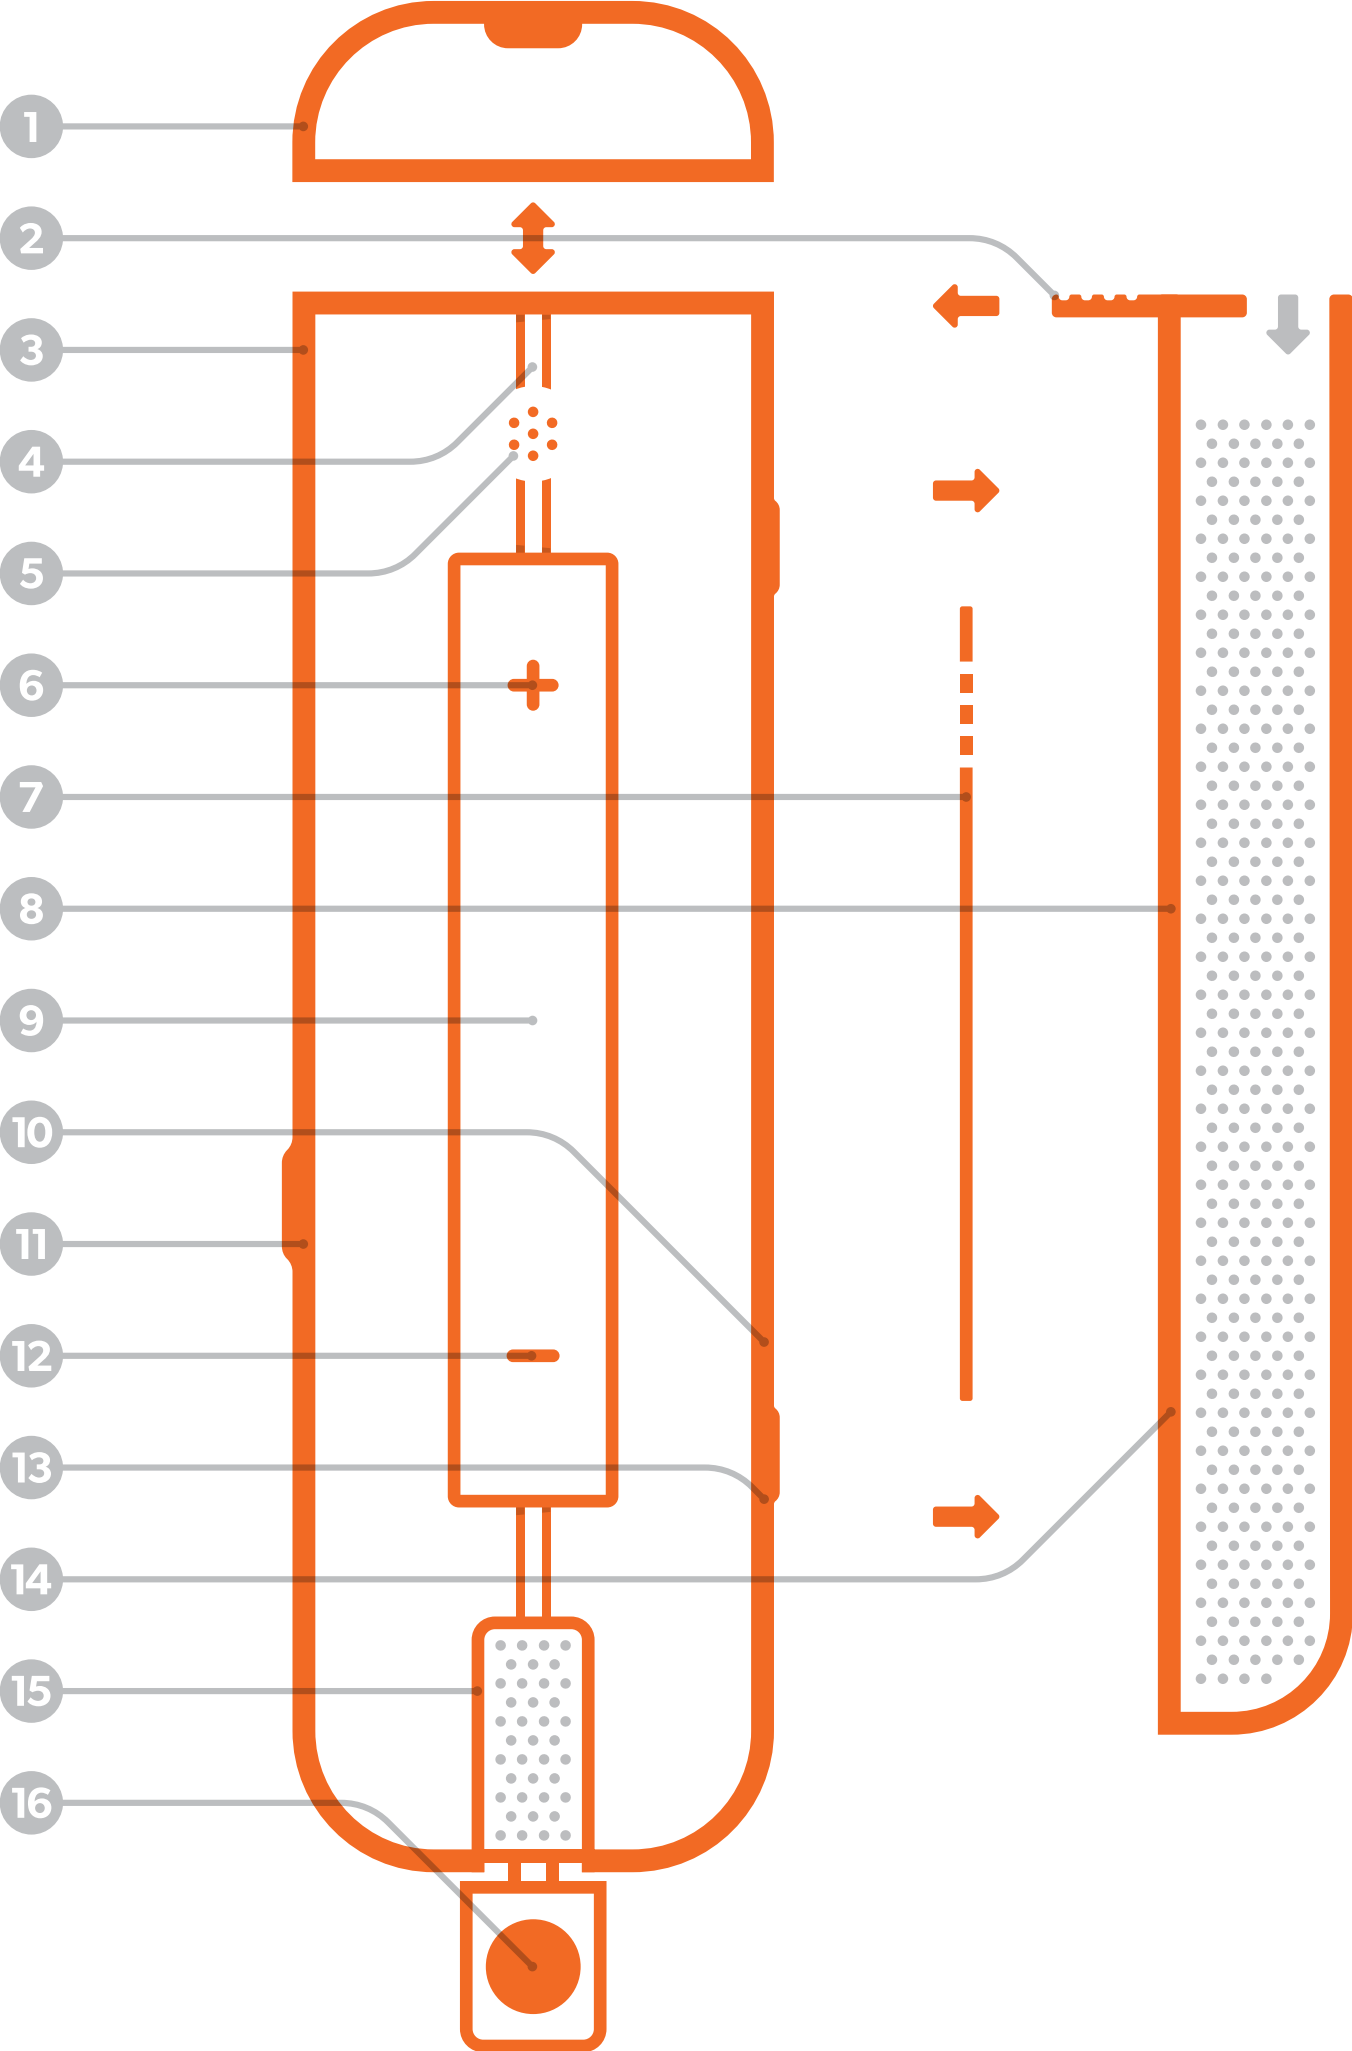

Read this manual before using your new Wing Vaporizer.

- 13 MAGNETIC CONNECTORS
- 14 STORAGE AREA 10X REFILLS
- 15 HEATING CHAMBER
- 16 SILICONE CHAMBER CAP 2 EXTRA

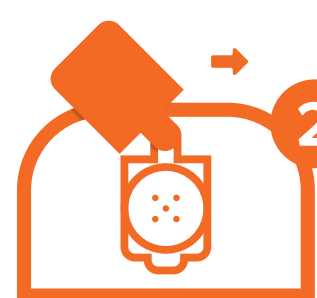

# LOADING WING

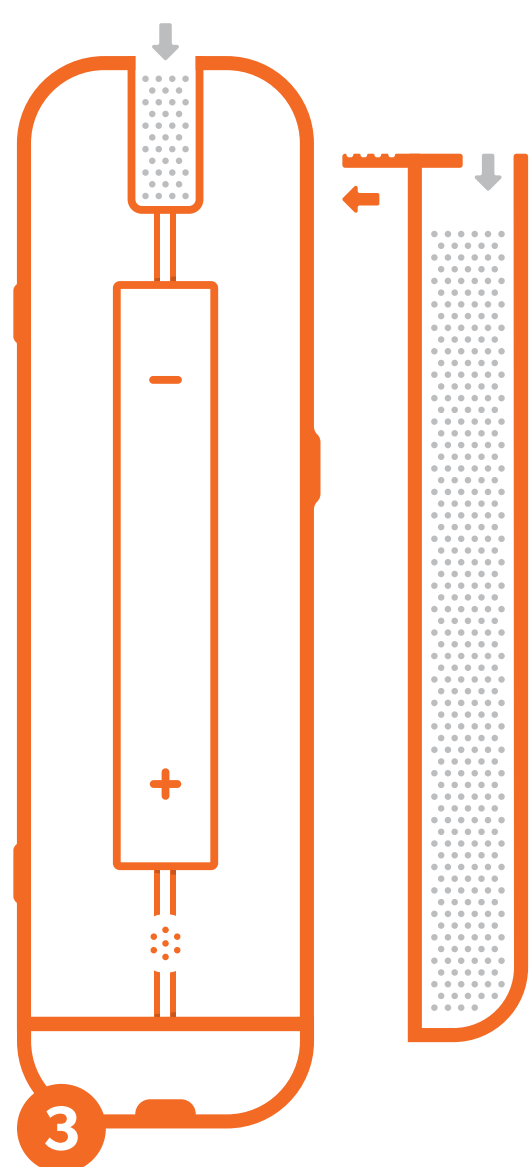

## PREPARE

With your Wing Vaporizer charged & your herb of choice finely ground, detach Wing Attachment & place Wing Vaporizer with the bottom up.

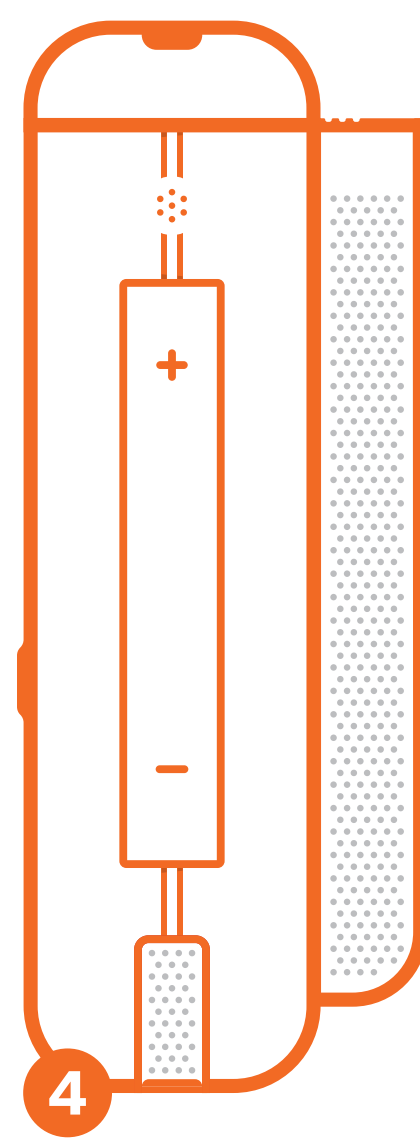

## OPEN

Rotate open heating chamber cap & slide open Wing Attachment door.

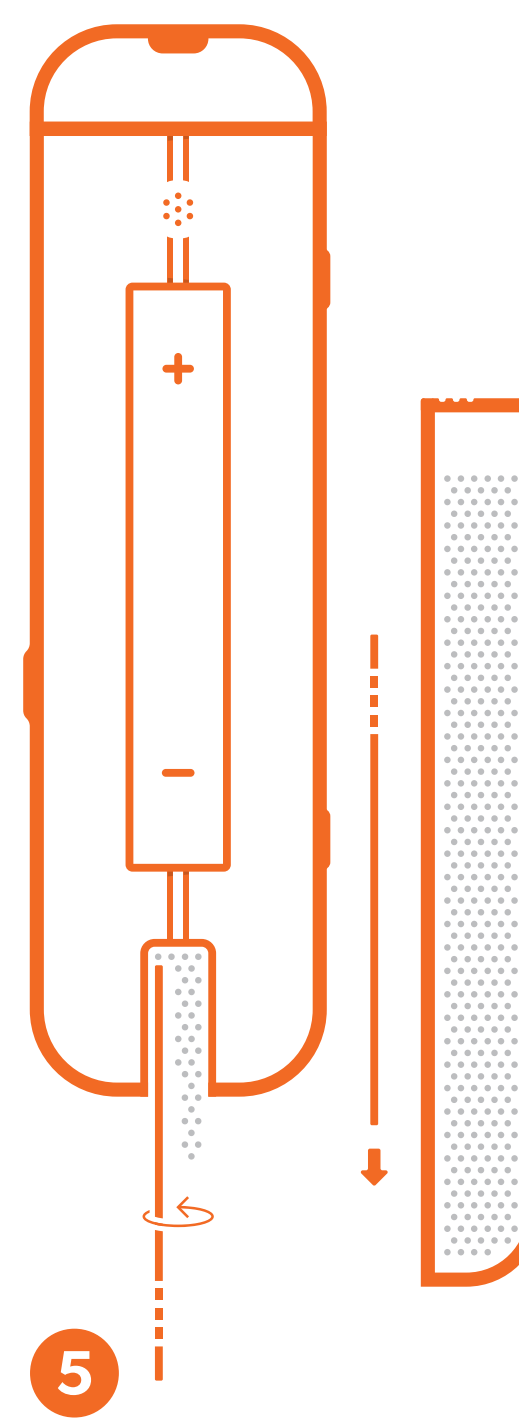

## FIRST FILL

Load dry herbs into Wing Attachment & heating chamber. **Don't over pack.**

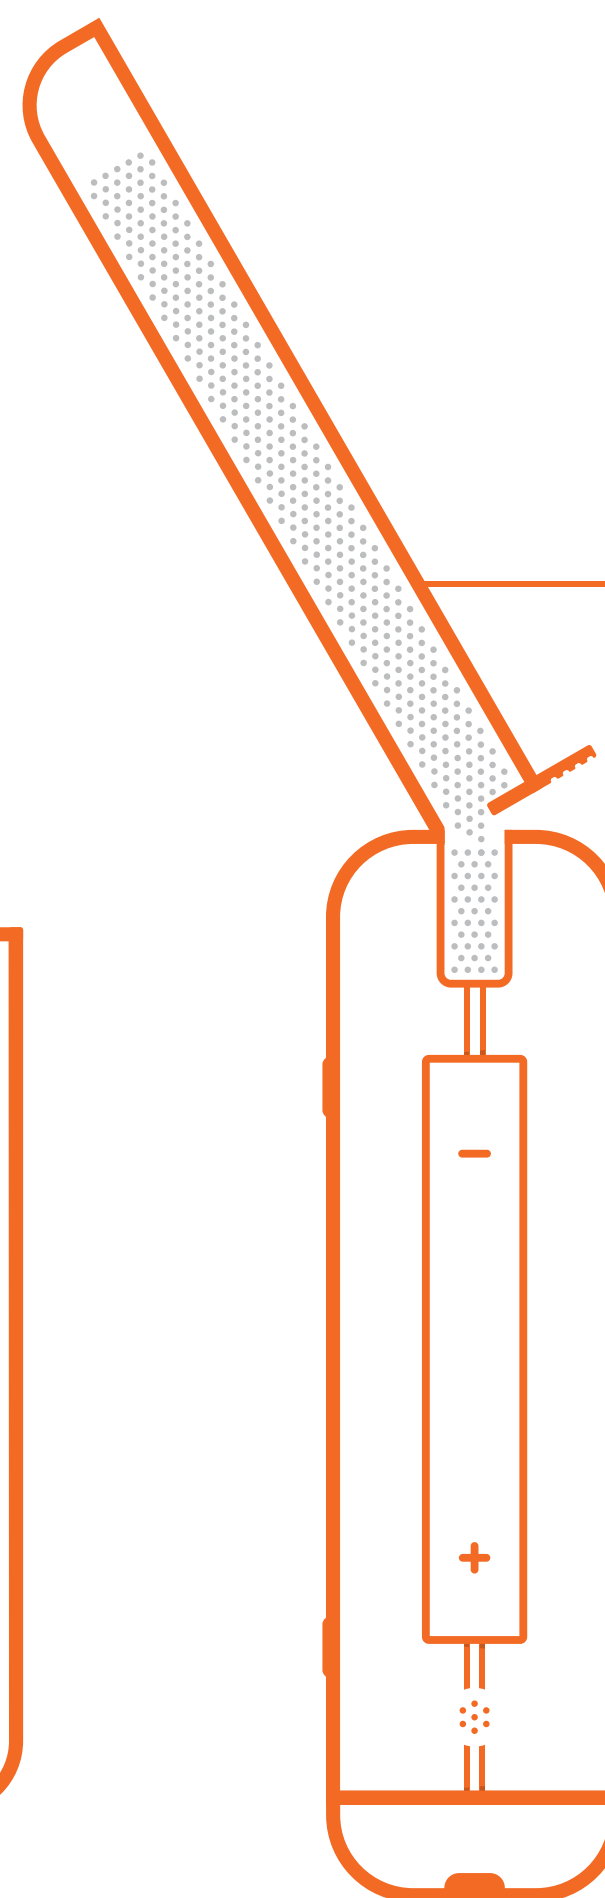

## ENJOY

Vaporize your favorite herbs at the temp of your choice, until fully baked.

## CLEAN

Let chamber cool, remove multi-use tool & stir out the baked herbs.

## CAUTION

We recommend waiting for the heating chamber to cool before handling. Avoid contact with hot ceramic disk by touching only the edges of silicone.

## REFILL

### TILT

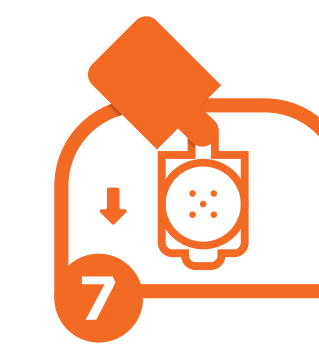

Tilt the Wing Attachment with door open up against the chamber with cap rotated open.

### TAP

Tap Wing Attachment with **index finger** to loosen dry herb in storage until it gently fills the heating chamber.

### TRAP

Trap the remaining herb in the storage reserves by closing the Wing Attachment door.

## CAP

Cap off the heating chamber & return to step 4, if desired.

# POWER & TEMPERATURE

## TRIPLE CLICK POWER

Click the power button three times swiftly to power on & power off the Wing Vape.

## FIVE MINUTE SAFETY

After five minutes, the device will power off, indicating a completed vape session. Allow device to cool before beginning another session.

## SETTING TEMPERATURE

- +** INCREASE TEMPERATURE
- DECREASE TEMPERATURE
- F** POWER BUTTON & + AT SAME TIME
- C** POWER BUTTON & - AT SAME TIME

## TEMPERATURE LOCK

Once you've set your desired temperature, click the power button once to lock the touch screen.

## TEMPERATURE MEMORY

Wing Vaporizer will remember your temperature setting & return to it upon power up.

## CHARGING

-  **FLASHING RED LED = LOW BATTERY**
-  **FLASHING BLUE LED = CHARGING**
-  **SOLID BLUE LED = FULLY CHARGED**
-  **FLASHING GREEN LED = HEATING UP**
-  **SOLID GREEN LED = DESIRED TEMP**

We recommend giving your Wing Vape a full charge before first use.

Device shouldn't be used while charging.

To charge, remove Wing Attachment, plug in Universal Micro USB to side of vaporizer & connect to power source.

# CLEANING

## **MOUTHPIECE**

Scrub mouthpiece with a soaked isopropyl alcohol Q-tip or wipe.

## **HEATING CHAMBER**

Buff chamber with a damp isopropyl alcohol Q-tip.

## **MULTI-USE TOOL**

Isopropyl alcohol wipes work great, but a hot water scrub will also do the trick.

## **SILICONE & CERAMIC CHAMBER CAP**

Scrub with a modestly soaked isopropyl alcohol Q-tip or replace with a back-up cap.

## **CAUTION!**

Do not fully immerse the device in liquid.

# WARRANTY

We offer a 1 year limited warranty from the date of retail purchase by the original owner.

## **WE WILL COVER**

Any physical defects that arise & are claimed within the warranty period. We honor to fix it or replace it with a new one.

## **WE WON'T COVER**

Any special, consequential or incidental damages by the use or misuse of the products. We will not be held responsible for any damage caused by inappropriate, incorrect or improper use of the products.

**THANK YOU!**
